international course on Kidney tumour ablation Barcelona, November 6th & 7th 2015

board of directors

Dr. Jean-Michel Correas

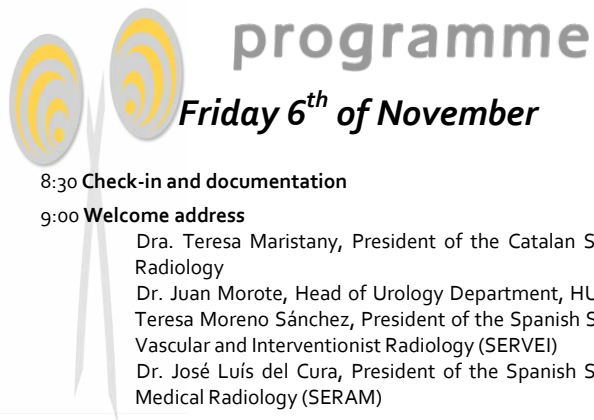

L'Hôpital Necker-Enfants malades, Paris

Dr. Xavier Serres

Hospital Universitari de la Vall d'Hebron, Barcelona

Dr. E. Trilla

Hospital Universitari de la Vall d'Hebron, Barcelona

8:30 Check-in and documentation

9:00 Welcome address

Dra. Teresa Maristany, President of the Catalan Society of Radiology
Dr. Juan Morote, Head of Urology Department, HUVH. Dra. Teresa Moreno Sánchez, President of the Spanish Society of Vascular and Interventionist Radiology (SERVEI)
Dr. José Luís del Cura, President of the Spanish Society of Medical Radiology (SERAM)

SESSION I: indications of minimally invasive techniques for ablation of renal masses

9:30 Lecture: topic to be determined by the speaker
by Dra. Debra Gervais (Boston, USA)

10:00 Panel on the differential aspects of RFA, Cryoablation and Microwaves for ablation of renal masses

Moderator: Dra. Anna Alguersuari (Barcelona, Spain)
Panelists: Dr. Pierre Bize (Geneva, Switzerland) talking on Radiofrequency, Dr. David Breen (Southampton, UK) talking about the use of Cryoablation & Dr. Gianpaolo Carrafiello (Varese, Italy) defending the use of Microwaves

10:45 Coffee Break

SESSION II: indications of imaging techniques on renal mass ablation

11:15 Panel on Imaging techniques for intervention guidance; Ultrasonography, CT and MR

Moderator: Jean Michel Correas (Paris, France)
Panelists: Dr. José Luís del Cura (Bilbao, Spain), as expert in Ultrasonography, Dra. Alice Gilliams (London, UK) exposing opinions the use of CT & Dr. Nicolas Grenier (Bordeaux, France) talking on MR applied to RCC

12:00 Application of image-fusion techniques to ultrasound-guided renal mass ablation
by Dr. Jean Michel Correas (Paris, France)

SESSION III: complications: cases and recommendations

Moderator: Dr. Jose Urbano (Madrid, Spain)

12:30 US-guided RFA-associated complications
By Dr. Jose Luís del Cura (Bilbao, Spain)

13:50 CT-guided RFA-associated complications
By Dra. Alice Gilliams (London, UK)

13:10 MR & CT-guided Cryoablation-associated complications
By Dr. Xavier Buy (Bordeaux, France)

13:30 Lunch

SESSION IV: decision making and guidelines

15:00 ABLATE as decision-making tool for renal mass ablation
by Dr. Grant Schimt (Rochester, USA)

15:30 Interpreting US and EU guidelines for small renal mass treatment by ablative techniques
by Dr. Steven Joniau (Leuven, Belgium)

16:00 Suitability and recommended procedures of biopsies for different diagnosis techniques
by Dr. Andrea Veltri (Torino, Italy)

16:30 Personal experiences I: "How we select cases"

3 successful speaker candidates will account with 10 min to expose a prototypical case and data on personal and institutional clinical practice according to given guidelines.

HANDS-ON WORKSHOP I: meet the technologies

17:00 to 19:00 Inscribed attendants will be able to rotate between different stands where to test the different options showcased by our sponsoring enterprises (Esaote, Covidien, JJPHospitalaria (Starmed), Medwaves, Boston Scientific and Ecomedpad).

20:30 Dinner & Networking

Saturday 7th of November

8:15 Welcome

SESSION V: Surgical techniques

8:30 Panel on Laparoscopic surgery in small renal masses

Moderator: Dr. Enrique Trilla (Barcelona, Spain)
Panelists: Dr. Antoni Rosales (Barcelona, Spain), Transperitoneal approach, Dr. Raúl Martos (Sabadell, Spain), Retroperitoneal approach & Dr. Francisco Vigués (Barcelona, Spain), Laparoscopic surgery in small endophytic renal tumors.

9:15 Advances in Nephron-Sparing Surgery
by Dr. Javier Burgos (Madrid, Spain)

9:45 Robot-assisted partial Nephrectomy (RAPN)
by Dr. Enrique Trilla (Barcelona, Spain)

10:15 Complications of Nephron-sparing Surgery and Laparoscopy
By Dr. David Lorente (Barcelona, Spain)

10:45 Ablation-Complemented Partial Nephrectomy
By Dr. _____

11:15 Coffee break

SESSION VI: Inflammation and immune system

11:45 Post-Ablation Biological Effects

Moderator: Dr. Philippe Pereira (Heilbronn, Germany)
Panelists: Dr. Sergio Dromi (Bethesda, USA): Immune system response & Dr. Shraga N. Goldberg (Bethlehem, Israel): Effects on Tumorigenesis

12:30 Immunomodulation by Thermal Ablation of Cancer
By Dr. Philippe Pereira (Heilbronn, Germany)

13:00 Personal experiences II: "Our personal successes over renal cancer"
6 selected speakers will account with 10 min to expose a summary data on their own clinical practice on renal cancer according to provided guidelines.

14:00 Lunch

SESSION VII: Image-based diagnosis for follow-up Moderator: Dr. Pablo de la Torre (Barcelona, Spain)

15:30 Utility of US, CT and MR in diagnosis and follow-up of renal tumours
by Dr. Carles Nicolau (Barcelona, Spain)

15:50 Follow-up of Radiofrequency-ablated renal tumours by CEUS
by Dr. Xavier Serres (Barcelona, Spain)

16:10 Use of CT and MR to monitor treated renal tumours
by Dra. Alice Gilliams (London UK)

END SESSION

16:30 Transversality of knowledge and necessary skills for renal tumour ablation and teaching experience at Samsung Medical Center
by Dr. Byungkwan Park (Samsung, Korea)

HANDS-ON WORKSHOP II: train yourself on US-guided procedures

17:00 to 19:00 Inscribed attendants will be able to rotate between different stands where to perform simulated interventions.
